2. **Petitioners are required to arrange a submittal-review conference with the City Clerk to take place at the time of submittal. Petitioners may arrange an appointment by calling 863-675-**

Owners of property within 500 feet of the site will be notified of the request and invited to comment.
4. Approximately one week before the public hearing, a sign will be placed on the subject property notifying the general public of the hearing.
5. The petitioner or his authorized representative shall appear at the Variance Board hearing. The petitioner should be prepared to address the guidelines and standards listed for the variances from the zoning requirements. After considering the recommendation of the staff and comments by the petitioner and the public, the Variance Board will approve, deny, or approve the request with conditions.

- C. The variance does not permit the establishment or enlargement of any use or structure which is not permitted in the district in which the variance is requested.

METHOD OF APPROVAL:

The intent of granting a variance from zoning requirements is to provide an exemption where special conditions or circumstances exist, which is consistent and in harmony with the intent of the zoning ordinance, which is the most practical or logical solution, and which will achieve equal or greater aesthetic character than a literal interpretation of the zoning ordinance would otherwise produce.
